Associated Documents
- FSE Events_Outreach Approval Request Template 2023

2 SCOPE
This Procedure applies to all events and outreach activities hosted by the Faculty of Science and Engineering. It does not include events or outreach activities hosted on behalf of the Faculty by other entities within MQ such as Future Students, Group Marketing, Macquarie International, Campus Life, LEAP Widening Participation, Walanga Muru, PACE, etc.

3 DEFINITIONS
Commonly defined terms are located in the University Glossary. The following definitions apply for the purpose of this Procedure.

Community Members
For the purpose of this Procedure, Community Members include but are not limited to alumni, donors, prospective students and their parents.

Department
For the purpose of this Procedure, Department includes any of the discipline Schools or Departments within the Faculty of Science and Engineering, including AAO-MQ.

Event
For the purpose of this Procedure, an Event includes any meeting, conference, seminar, public lecture, colloquium, workshop, catered meal (breakfast, lunch or dinner), awards presentation, camp for current students, work experience program, delegation, campus or facility tour, primary/high school visit, or celebration. Other Events of a type not specifically named here may also fall within the scope of this procedure and should be treated as such.
Faculty and MQ Resources
For the purpose of this Procedure, Faculty and MQ Resources include Faculty administration team, School/Department administration team or Technical Operations Team support, MQ Events support, security, cleaning, AV services, marketing email communications (EDMs), marketing collateral, BEIMS requests, catering.

Faculty Office
For the purpose of this Procedure, Faculty Office includes the various central administration offices within the Faculty of Science and Engineering e.g. Faculty Office, Technical Operations, Maquarie Analytical and Fabrication Facility (MAFF) etc.

Outreach
For the purpose of this Procedure, an outreach activity includes any activity that may be covered under Event above where members of the community may attend, as well as social media campaigns, regular newsletters (internal and external), reports for external audiences (such as a School/Department Annual Report), provision of resources to external bodies (such as organising room bookings on weekends to facilitate HSC syllabus reviews), etc.

4 PROCEDURE
FSE Staff are not authorised to agree to host any event or outreach activity that is covered by this Procedure prior to obtaining approval in accordance with the following:

4.1 Event type
An Event may be categorised as more than one of the following types. Where that it true, all requirements listed for the relevant types must be observed.

4.1.1 Exempted Events
For the purpose of this Procedure, any Event that is a regular School/Departmental or Faculty Office staff meeting or is a regular departmental seminar is exempted from the requirement for Faculty approval. The following requirements apply:
- Exempted Events should be approved by the relevant School/Department/Office before proceeding. Refer to section 4.3 below.

4.1.2 Non-Exempted Events
Any Event that does not align with the exemption detailed at 4.1.1 must be submitted to Faculty for approval. Refer to section 4.4 below.

4.1.3 Teaching and Research Events
For the purpose of this Procedure, Teaching and Research Events are those activities relevant to undergraduate, postgraduate and higher degree research teaching, and/or to research activities of MQ research centres and groups, or MQ nodes of ARC or CRC research centres.

4.1.4 Academic Conference or Event
An Application to host an academic-led conference or event in partnership with an external organisation will be considered on a case by case basis. In the approval process there is consideration of a number of factors, including that the event must have a strategic objective aligned to one or more of the seven priorities in the Strategic Plan Our University: A Framing of Futures.

Note that under the University’s events protocol, all event management and costs of venue hire and facilities management are the responsibility of the Faculty/Office hosting the event.

4.2 Event toolkit
For all Non-Exempted Events, the Event lead and/or organisers should review the Events Toolkit and additional resources available at the Events and domestic protocol website before proceeding to Faculty approval stage.

The Macquarie University Event Tier Categorisation and Events and Domestic Protocol (EDP) Service Delivery Model, and Event Content Technology Services document provide information on the level of support available. Note that it may be required that all facilities costs and charges (including cleaning, security, setup, IT support) are covered by the School/Department or Faculty budget.
It is recommended that the Event lead and/or organisers of Exempted Events review the Events Toolkit before proceeding to School/Department/Office approval stage.

Where relevant, the Faculty Work Health and Safety Representative (sonya.hendricks@mq.edu.au) can provide a risk assessment and further advice in respect of the Event.

### 4.3 Department/Office approval

Before proceeding with an Exempted Event or a series of Exempted Events, the Event lead should first seek approval from the relevant School/Department or Faculty Office. A plan including details of the event purpose, lead contact, anticipated schedule, anticipated number and nature of attendees and anticipated location should be provided to the School/Department Manager or Faculty Office Manager for consideration and sign-off. A plan may be presented that covers an annual series of Exempted Events e.g. weekly seminars hosted in-School/Department by an MQ Research Centre.

Before proceeding with any Event that requires Faculty approval, the Event lead should discuss the Event with their School/Department or Faculty Office Manager with an aim to address all requirements as laid out under Faculty approval at section 4.4.

### 4.4 Faculty approval

An approval request for Events of the following types must be submitted to the Faculty for approval:
- Non-Exempted Events
- Outreach
- Any Event that may require Faculty/School/Department and MQ Resources

An approval request should be submitted as soon as possible to the Head of Faculty Operations (Meredith.hallgren@mq.edu.au) and should include the following documents for review:

- **FSE Events_Outreach Approval Request Template 2023**
- **Events Planning Template**

All submissions will be reviewed by the Executive Dean and Faculty Executive Director to consider the alignment of the event to the Faculty and University strategies, and available MQ and Faculty Resource. Where relevant, input will be sought from the Faculty Recruitment Manager, Faculty Student Experience Manager, Deputy Dean/s, or Associate Dean/s. The applicant, Head of School/Department and School/Department Manager/Faculty Office Manager will be notified of the outcome and next steps within 7 days of receipt of the full submission.

In addition to ad hoc approval requests, a collation process, managed in the School/Department and Faculty Offices by the School/Department Manager/Faculty Office Manager, will be held in October each year. Outcomes for submission made through the annual process will be provided prior to the December close-down.

### 4.5 MQ Events approval

Events approved by the Faculty will be referred to the MQ Events and Protocol Team for review. The applicant, Head of School/Department and School/Department Manager/Faculty Office Manager will be notified of the outcome and next steps when known.
