Early Feedback Survey

The teaching staff are seeking feedback about your early experiences in this unit. This will help them diagnose and respond to any issues or problems that have arisen so far in the unit. Your participation in the survey is voluntary and your responses are anonymous. The results may be used by staff in documentation required by University procedures. Note that the questionnaire is about your experience of the unit so far, not the teaching of any individual staff member.

Please respond to each of the questions below, using blue or black ink to enable electronic scanning.

1. What are your goals in this unit? How committed are you to achieving these goals?

2. Has the information in the Unit Guide (Unit Outline or Study Guide) met your needs? What additional information, if any, do you need?

3. Have you found it easy to access the teaching materials for this unit? What additional information or assistance, if any, do you need?

4. What do you like most about this unit?

5. What do you like least about this unit?

6. What would you like to see happen that isn’t happening so far in this unit?

Thank you for helping to improve student experience at Macquarie University
