## 10.15 Fauna Park – Extreme Weather

### Purpose

The Macquarie University Fauna Park stretches over 11Ha; and is committed to non-intrusive research. Induction is required To ensure the Health & Safety of all visitors and to assist Fauna Park Staff when required.

### Guideline

The risk of extreme or dangerous weather conditions is normal to minimal.

Normal control measures will be effective in these conditions.

- **Bushfire:** Monitor the Talavera Road approach to the Fauna Park. Call Emergency Services as required and arrange access on the #4321 padlock key. Notify the Critical Response Personnel and any Academics whose animals may be threatened, see contact numbers above. In the event of smoke from a bushfire causing respiratory problems, the First Aid Officer should be notified.

- **Flood:** No precautions necessary.

- **Storm:** Security will advise the Critical Response Personnel of the appropriate procedure and which buildings this applies to. Staff responsible for animals should be advised to assist any animals in danger only if it is safe to do so.
