The Macquarie University Fauna Park stretches over 11Ha; and is committed to non-intrusive research. Induction is required To ensure the Health & Safety of all visitors and to assist Fauna Park Staff when required

Safety Data Sheets
The small volumes and types of chemicals stored and handled in the Fauna Park have normal risk levels.

The Scientific Officer is trained in the correct storage and handling of all chemicals used in these labs and is responsible for supervising the use of these chemicals by the students and academics.

Safety Data Sheets (SDSs) are available from the Scientific Officer and Security Control Centre.
